## 2008 Fundraising Target... What we're SHOOTING fore!

### PAEDIATRIC COLONOSCOPE

This year's Pro Am tournament has allowed us to raise funds to purchase a **Paediatric Colonoscope**, and some additional equipment for surgery at Cambridge Memorial Hospital.

A colonoscope is a long flexible tube that has a light and a camera on the end. Young patients under 16 years, and sometimes as young as one year, require a colonoscope of a smaller size than the instrument used for adults.

A doctor may suggest a child to undergo colonoscopy for a variety of reasons, but most frequently the cause is to help diagnose pain, bleeding or digestive issues that involve the intestines. During this procedure the intestine is carefully examined and often a small sample of tissue (biopsy) is taken for further tests. Results can determine whether the cause for discomfort is a temporary condition like Irritable Bowel Syndrome (IBS) or something more serious like Inflammatory Bowel Disease/Crohn's (IBD) or a malformed intestine.

Colonoscopies are just one of the over 12,000 day surgery procedures performed at our hospital. All forms of surgery require extensive equipment in order to deliver the best patient care possible. Our surgical suite and minor procedure rooms are a major part of our capital expansion, and the corresponding equipment to fill these rooms will be vital in opening up this new area.

Now, more than ever, as the population of Cambridge and area grows, the need for quality patient care close to home increases. By investing time and funds in our hospital, as you are today through this tournament, you are making an investment in your family's and community's well being. You are helping us **build a healthier community.**

We thank you for your ongoing support, we couldn't do it without you!

Pro Am Golf Classic Teams

THANKS TO OUR LONG SUPPORTING COMPANIES

# Welcome!

We are so thrilled that you have joined us today for our **12th annual ProAm Classic** in support of the Cambridge Memorial Hospital Foundation.

Together, over the last 12 years, we have been successful in raising over **half a million** dollars (\$535,000) to benefit patients at Cambridge Memorial Hospital.

You, our golfers and corporate sponsors, are the reason that this tournament is so successful. You have returned, year after year, with your financial support and your word-of-mouth advertising to industry partners and friends. We would like to challenge all of you to consider our other participating businesses when you are considering a new project or purchase, either personally or professionally. Though supporting each other we all win, and the community wins as well.

This year's tournament proceeds will help to purchase a paediatric colonoscope, and other complementary surgical equipment. Many children and youth will benefit from this surgical tool, used to diagnose digestive issues. You may recall that last year's funds helped to purchase several medication (pain) pumps for use throughout the hospital. These pumps are part of a Regional replacement initiative that will increase safety for our patients and for our staff. Cambridge Memorial will be replacing approximately 166 pumps, each with a price tag of

about \$10,000. Thanks to you, and to other events and appeals for medication pumps this past year, we are much closer to our goal of \$1.6 million.

We must also extend a special thank you to ALL of our volunteers who make this event come together. Our organizing committee and our 'event day' volunteers dedicate their time and efforts to pull together a great tournament. This year we are delighted to have many volunteers from the Hospital Volunteer Association join us, thank you for helping out.

Most importantly, thank you, and enjoy your day of golf!

## SYNERGY AT WORK

Once again UPI Energy LP and Ed Taylor Fuels, a Division of UPI Energy LP, is pleased to be the Major Sponsor of the 2008 Pro Am Golf Classic, in support of the Cambridge Memorial Hospital Foundation. It is also a privilege to be honoured along side the many committed supporters of this highly regarded and successful event. In addition to the fun and good times this day brings, our common goal is to equip our local Hospital with the very latest in medical technology. Together, our efforts will help make our Hospital the best it can be for our families and the families of our friends, employees and customers, should any of us ever need it.

Thanks for making this such a great day!
