

Diversity Gardens

A project of Canadian Organic Growers

SPRING PLANT SALES

**Saturday May 23rd
and May 30th**

9:00 am – 12:00 pm

- Check our website close to the date for updates and a list of what we expect to be available.
- Orders over \$30 can be emailed in advance and they will be set aside.
- Orders over \$30 can receive a charitable receipt for half the value.
- We should have a wide variety of heritage vegetable and flower plants that you aren't likely to find elsewhere.
- Bring your own boxes to carry your treasures home!

Diversity Gardens is a series of demonstration gardens operated by Canadian Organic Growers (Perth-Waterloo-Wellington Chapter). It is a not-for-profit, charitable project dedicated to raising awareness of organic issues. We provide hands on training in growing ornamentals, vegetables, fruits and herbs using organic techniques.

The gardens are open for self-guided tours on Saturdays and Sundays from the beginning of May to Thanksgiving. On those days, our certified organic produce is available for sale at our farm stand on site.

Join our Back to the Future Gardening Club and support our work. In exchange for \$100 for the season (charitable receipt for \$50) or 10 hours of your time in garden labour, you will receive monthly gifts over the summer. Ask us about it!
